Subject: PRIA Label Amendment – Addition of SARS-CoV-2 Virus
Product Name: Antibacterial Wipe
EPA Registration Number: 75459-1
Application Date: 11/18/2020
Decision Number: 568073

Dear Ms. Perkinson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

[To Open Package: Open cap lid. Remove lid by pulling it up firmly. Insert a corner of a center wipe through the opening in the lid. Do not push finger through the opening. Replace lid and pull wipe out at an angle. Always close lid flap between uses to retain moisture.]

{Or}

[To Open Package: Peel back seal and use wipes as directed. Reseal pouch after each use to retain moisture.]

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{Xs (capitalized) are a placeholder for web site names or alternate trade names for this product and x's (lower case) indicate values/numbers; Ys (capitalized) are a placeholder for associated non-pesticidal products such as cleaners or application devices.}

[Suitable for most sealed hard floors including:]

[· Hard wood] [· Vinyl] [· Glazed tiles] [· Laminate] [· [Polished] marble] [· [Polished] granite]

[For use with YYYYY in accordance with manufacturer's instructions.]

To Sanitize: Use to sanitize hard non-porous non-food contact surfaces [including sealed natural stone]. Visibly wet the surface using as many wipes as necessary to keep the surface visibly wet for 15 seconds. Let surface dry. [the stone will have visible streaks]. For visibly soiled surfaces, clean excess dirt with YYYYY first and rinse with potable water. [Use YYYYY for a streak free shine.] [Do not apply XXXXX until surface has been completely rinsed with potable water and cleaned with YYYYY or streaking may occur.]

To Disinfect: Use to disinfect hard, non-porous non-food contact surfaces [including sealed natural stone]. Visibly wet the surface using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. [The stone will have visible streaks]. For visibly soiled surfaces, clean excess dirt [with YYYYY] first. For surfaces such as children's toys, rinse with potable water prior to reuse. [Use YYYYY for a streak free shine.] [Do not apply XXXXX until surface has been completely rinsed with potable water and cleaned with YYYYY or streaking may occur.]

To Clean: Wipe surface clean.

Not for personal use. [Test on an inconspicuous area before use.] Do not use on untreated or painted wood. The cleaning performance of this product may not be optimal for some modern surfaces; streaking may occur. Always follow the manufacturer's use & care instructions for any item.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid prolonged contact with skin. Washhands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

PHYSICAL OR CHEMICAL HAZARDS

Do not apply this product around electrical devices or outlets

Combustible. Do not use or store near heat or open flame.

{Note: Since the product is classified as tox category IV for Oral the "If Swallowed" statement is considered optional}

FIRST AID
